Founder, Owner
Biostar Organix Healthcare Association
juli 2009 – heden (9 jaar 2 maanden) | Los Angeles, CA

Founder, Owner
Biostar Organix Healthcare Association
juli 2009 – heden (9 jaar 2 maanden) | Los Angeles, CA

An individualized approach to the patient is a key to unlocking many of the latent healing powers of the body. It allows the physician the ability to treat the patient, not the disease, a tenet of healing wisdom as ancient as its source, the great physician Hippocrates. Under the guidance of the Naturopathic Health Specialist, patients enjoy the benefits of cutting-edge research and treatment while also receiving compassionate care and support.

Creative Director
Lacey Art Service
november 2009 – november 2012 (3 jaar 1 maand)

A highly successful company, which understands that success, must be based on saving businesses valuable time and money. That is why we provide the easiest and most comprehensive: Brand development, web site traffic growth, store front and generating advertising media. Strategic Consulting; including graphic design & marketing strategy development. On-line ordering tool for all of your custom printing or signage needs.

Vice President, IT Architecture
IndyMac Bank
november 2004 – mei 2009 (4 jaar 7 maanden)

• Planned and executed $3.6 million Virtualization project consolidating physical servers into VMware 3.0 virtual environment, lowering operating costs.
• Directed Windows 2003 project converting and upgrading legacy servers onto supported OS platform, boosting efficiencies.
• Demonstrated leadership through supporting on-boarding of 1400+ retail agents, and integrating 120+ sites into IndyMac network.
• Implemented unique workflow automation solution for Virtual server provisioning.
• Oversaw deployment of Windows XP SP2 to all users, and ensured vendor supportability, expediting issue resolution and increasing end user up time.

Technology Implementation Highlights:
• Led adoption of Blade Servers for Datacenter, increasing density of DC space.
• Fostered integration of Blade Chassis and Quad Core Technology, reducing power consumption.

Lead Senior Network Engineer
AIG SunAmerica
juli 2001 – november 2004 (3 jaar 5 maanden)

Delivered outstanding results as Active Directory and Exchange 2003 Project Manager, including creating and testing AD and Exchange migration from NT 4.0 to Windows 2003 with team of 10. Delegated projects to Network Engineers and directed workflow for Administrative Engineers. Directed all aspects of project design for company-wide services including MAILsweeper, McAfee EPO 2.0, LANDesk 7.0, Update Expert, and Exchange 5.5 Cluster. Established reputation as Disaster Recovery Solution Specialist.

Operational Enhancements:
• Demonstrated sector expertise as Lead Engineer for NT Support Group, providing 24/7 support for UNISYS E7000, Dell Power Edge and Compaq Proliant hardware.
• Improved efficiencies by successfully consolidating 23 Exchange 5.5 servers to 8-2 node clusters in Exchange 2003 environment.
• Forged custom applications standardizing company NT environment, NT servers, and Login Scripts.

Lead Senior Network Engineer
21st Century Insurance
2001 – 2003 (2 jaar)

Led 8-person NT Support Group team providing 24/7 support, including problem routing and tracking, and service requests. Coordinated with multiple teams, and played key role in department meetings addressing issues and providing company standardization solutions. Utilized project management expertise at Group Level to prioritize workflow and administrative duties.

Project Highlights:
• Spearheaded organizational design of NOC center, providing new group with functional roles and responsibilities achieving company service level agreements.
• Engineered and maintained SMS 2.0 environment through in-depth testing, documentation, creation, and distribution of software packages.
• Crafted web site effectively capturing systems information and documentation, facilitating information exchange for all support groups and disaster recovery.
